---

Janet-

Here are those WN's. It looks as though the earliest our survey unit can get out there is March 6th. Is there anyway the City can hold off until say the end of March?

(b) (6) Federal Way WA 98023, this vessel is moored to the "Salty Dog"  
 Model year 1969  
 Make Coronado  
 Hull fiberglass  
 Type sail boat  
 Length 25 ft

(b) (6) "Janet-J" on filled tidelands, ownership is questionable, (b) (6)  
 (b) (6) Everett, WA 98208 (b) (6) is registered owner) legal owner is Port Washington Marina (suprise, suprise)  
 Model year 1966  
 Make Toucraft  
 Length 28ft

(b) (6) Bremerton 98337-2568, this is the sail boat moored to the rusty pontoon on stateowned aquatic lands  
 Year 1963  
 Make Westerly  
 Hull fiberglass  
 length 25ft

(b) (6) - comuter dingy, (b) (6) Bremerton WA 98312  
 Year 1971  
 Make Glaspa  
 Hull fiberglass  
 length 17ft

Unfortunately the other vessels have fake WN's or no numbers at all.

Thanks again,  
 Courtney
